Gabriel Poissant

Financial Data Specialist | Data Science Graduate Student | Skilled in Python, SQL, & Financial Reporting
San Diego, California, United States

Summary

I'm a finance and data professional with hands-on experience managing and analyzing financial information. Currently pursuing a Master's in Data Science at the University of Pittsburgh, I work with Python, SQL, and Excel to turn data into clear, reliable insights that support better decisions.

Certified in Google Data Analytics, CompTIA A+, and Intuit Bookkeeping, I bring a balance of technical skill and financial understanding. I'm driven by curiosity, problem-solving, and the belief that good data can tell powerful stories.

I'm open to opportunities in data analysis, financial analysis, and business intelligence, where I can help transform complex information into meaningful results.
